This holiday season, all of us at AgRevolution want to extend our warmest wishes to you and your family. This is a time for reflection, and we're incredibly grateful for the farming community that gives us the chance to do what we love.

We started AgRevolution with a simple idea: **to change how we do business with today's farmer by bringing the dealership right to the farm gate**. We know the challenges you face are constantly evolving, and the need to do more with less has never been greater. Our commitment is to stand with you, providing the service and innovative solutions that make a real difference in your operation.

That's why we're excited to introduce "Field Notes." This newsletter is another part of our effort to bring valuable resources directly to you, helping you save money and stay ahead.

In each edition, you can expect to find:

- Updates on our latest promotions and equipment offers
- Information on upcoming events and on-farm demos
- Helpful insights and tips from our team

There is still time to take advantage of our current programs to help you keep your **equipment up and running in the new year**, so be sure to check out the details below.

We believe that when we work together, we can achieve remarkable things. Thank you for being a part of our journey and permitting us to be part of yours. **We look forward to partnering with you for a successful season ahead.**

Stacy Anthony
CEO, AgRevolution
